Types of Data collected
Among the types of Personal Data that this Application collects, by itself or through third parties, there are: first name, last name, phone number, email address, Cookies and Usage data.
Other Personal Data collected may be described in other sections of this privacy policy or by dedicated explanation text contextually with the Data collection.
The Personal Data may be freely provided by the User, or collected automatically when using this Application.
Any use of Cookies - or of other tracking tools - by this Application or by the owners of third party services used by this Application, unless stated otherwise, serves to identify Users and remember their preferences, for the sole purpose of providing the service required by the User.
Failure to provide certain Personal Data may make it impossible for this Application to provide its services.
Users are responsible for any Personal Data of third parties obtained, published or shared through this Application and confirm that they have the third party's consent to provide the Data to the Owner.

Mode and place of processing the Data

Methods of processing
The Data Controller processes the Data of Users in a proper manner and shall take appropriate security measures to prevent unauthorized access, disclosure, modification, or unauthorized destruction of the Data.
The Data processing is carried out using computers and/or IT enabled tools, following organizational procedures and modes strictly related to the purposes indicated. In addition to the Data Controller, in some cases, the Data may be accessible to certain types of persons in charge, involved with the operation of the site (administration, sales, marketing, legal, system administration) or external parties (such as third party technical service providers, mail carriers, hosting providers, IT companies, communications agencies) appointed, if necessary, as Data Processors by the Owner. The updated list of these parties may be requested from the Data Controller at any time.

Place
The Data is processed at the Data Controller's operating offices and in any other places where the parties involved with the processing are located. For further information, please contact the Data Controller.

Retention time
The Data is kept for the time necessary to provide the service requested by the User, or stated by the purposes outlined in this document, and the User can always request that the Data Controller suspend or remove the data.

The use of the collected Data
The Data concerning the User is collected to allow the Owner to provide its services, as well as for the following purposes: Contacting the User and Analytics.
The Personal Data used for each purpose is outlined in the specific sections of this document.

Detailed information on the processing of Personal Data
Personal Data is collected for the following purposes and using the following services:

Analytics

The services contained in this section enable the Owner to monitor and analyze web traffic and can be used to keep track of User behavior.

Google Analytics (Google Inc.)

Google Analytics is a web analysis service provided by Google Inc. ("Google"). Google utilizes the Data collected to track and examine the use of this Application, to prepare reports on its activities and share them with other Google services.

Google may use the Data collected to contextualize and personalize the ads of its own advertising network.

Personal Data collected: Cookies and Usage data.

Place of processing: US – Privacy Policy – Opt Out

Contacting the User

Contact form (This Application)

By filling in the contact form with their Data, the User authorizes this Application to use these details to reply to requests for information, quotes or any other kind of request as indicated by the form's header.

Personal Data collected: email address, first name, last name and phone number.

Additional information about Data collection and processing

Legal action

The User's Personal Data may be used for legal purposes by the Data Controller, in Court or in the stages leading to possible legal action arising from improper use of this Application or the related services.

The User declares to be aware that the Data Controller may be required to reveal personal data upon request of public authorities.

Additional information about User's Personal Data

In addition to the information contained in this privacy policy, this Application may provide the User with additional and contextual information concerning particular services or the collection and processing of Personal Data upon request.

System Logs and Maintenance

For operation and maintenance purposes, this Application and any third party services may collect files that record interaction with this Application (System Logs) or use for this purpose other Personal Data (such as IP Address).

Information not contained in this policy

More details concerning the collection or processing of Personal Data may be requested from the Data Controller at any time. Please see the contact information at the beginning of this document.

The rights of Users

Users have the right, at any time, to know whether their Personal Data has been stored and can consult the Data Controller to learn about their contents and origin, to verify their accuracy or to ask for them to be supplemented, cancelled, updated or corrected, or for their transformation into anonymous format or to block any data held in violation of the law, as well as to oppose their treatment for any and all legitimate reasons. Requests should be sent to the Data Controller at the contact information set out above.

This Application does not support "Do Not Track" requests.

To determine whether any of the third party services it uses honor the "Do Not Track" requests, please read their privacy policies.

Changes to this privacy policy

The Data Controller reserves the right to make changes to this privacy policy at any time by giving notice to its Users on this page. It is strongly recommended to check this page often, referring to the date of the last modification listed at the bottom. If a User objects to any of the changes to the Policy, the User must cease using this Application and can request that the Data Controller remove the Personal Data. Unless stated otherwise, the then-current privacy policy applies to all Personal Data the Data Controller has about Users.

Cookies policy

This site uses cookies and in some cases third-party cookies to provide a better experience and service for users. When navigating or using our services you agree to our use of cookies. However, the user has the option to prevent the generation of cookies and disposal of the same by selecting the appropriate option in your browser. If you block the use of cookies on your browser it may disrupt some services and some functions of the website may not be available.

What is a cookie?

A cookie is a small piece of text that websites send to the browser and is stored on the user's terminal, which may be a personal computer, a mobile phone, a tablet, etc. These files allow the website to remember information about your visit, such as language and preferred options, which can make your next visit easier and make the site more useful for you. Cookies play a very important role in improving user experiences on the web.

How are cookies used?

By browsing this website you are accepting that we can install cookies on your machine and let us know the following information:

Statistical information on the user's use of the web.

Types of cookies used

This website uses both temporary session cookies and persistent cookies. Session cookies store information only while the user accesses the Web and persistent cookies stored in the terminal data to be accessed and used in more than one session.

How to manage cookies in the browser?

The user has the option to allow, block or delete cookies installed on your computer by setting your browser options installed on your terminal:

To set the permissions associated with cookies on Google Chrome Browser:

Click the menu in the toolbar.
Select Configuration.
Click Show advanced options.
In the "Privacy" section click the Content Settings button.
In the section "Cookies" there are configurable options.
To set the permissions related to cookies in Mozilla Firefox Browser:

At the top of the Firefox window click the Tools menu.
Select Options.
Select the Privacy panel.
You can choose 'use custom settings' to configure.
To set the permissions related to browser cookies in Internet Explorer 9:

At the top of the Internet Explorer window click on the Tools menu.
Select the Security tab and use the Delete Browsing History to delete cookies. Enable Cookies check box, and then click Delete.
Select the Security tab, and use the settings to move the slider to the top to block all cookies or totally down to allow all cookies. After that, click OK.
If you block the use of cookies on your browser it may disrupt some services or functionality of the website may be reduced.

Some browsers can be configured to manage specific cookie rules for different websites, which provides more precise control over privacy. This means you can disable cookies for all sites except those in which you trust.

Definitions and legal references

Personal Data (or Data)

Any information regarding a natural person, a legal person, an institution or an association, which is, or can be, identified, even indirectly, by reference to any other information, including a personal identification number.

Usage Data

Information collected automatically from this Application (or third party services employed in this Application), which can include: the IP addresses or domain names of the computers utilized by the Users who use this Application, the URI addresses (Uniform Resource Identifier), the time of the request, the method utilized to submit the request to the server, the size of the file received in response, the numerical code indicating the status of the server's answer (successful outcome, error, etc.), the country of origin, the features of the browser and the operating system utilized by the User, the various time details per visit (e.g., the time spent on each page within the Application) and the details about the path followed within the Application with special reference to the sequence of pages visited, and other parameters about the device operating system and/or the User's IT environment.

User

The individual using this Application, which must coincide with or be authorized by the Data Subject, to whom the Personal Data refers.

Data Subject

The legal or natural person to whom the Personal Data refers.

Data Processor (or Data Supervisor)

The natural person, legal person, public administration or any other body, association or organization authorized by the Data Controller to process the Personal Data in compliance with this privacy policy.

Data Controller (or Owner)

The natural person, legal person, public administration or any other body, association or organization with the right, also jointly with another Data Controller, to make decisions regarding the purposes, and the methods of processing of Personal Data and the means used, including the security measures concerning the operation and use of this Application. The Data Controller, unless otherwise specified, is the Owner of this Application.

This Application

The hardware or software tool by which the Personal Data of the User is collected.

Cookies

Small piece of data stored in the User's device.

Legal information

Notice to European Users: this privacy statement has been prepared in fulfillment of the obligations under Art. 10 of EC Directive n. 95/46/EC, and under the provisions of Directive 2002/58/EC, as revised by Directive 2009/136/EC, on the subject of Cookies.

This privacy policy relates solely to this Application.
